

Board meeting ~May

- Hand out t-shirts (Aleksander)

T-shirts were handed out

- Attach fire-escape stickers (Ramus)

Jonathan did so

- Close the hole in the wall (Ramus)

- Klub modul (Charlotte)

We can have website through klub modul. Two possible designs. Seems easy to use, DTU is now aligning klub modul and DTU databases. It won't be ready for semester start. It will have a payment option.

- Friluftslund deal (Correct board member list + they won't accept some members?) (Kristian)

Issues with members getting their refund it seems to be a one time thing. Kristian will write an email to the proper person.

- Fire meeting results

Rasmus looks into getting metal cabinets for members (without locks)

- Outdoor boulder

Place found in sports area in second quadrant, Rasmus will kontakt Michael Kruse to get the go ahead

- Göteborg trip

- Take new picture (of all of us)

- Posters

Rasmus will try making posters of the trips.

- Holds update

Rasmus will talk with Lorenz Ulmer
